8 Request for information

You must comply with all the requirements contained in PAIA and this PAIA manual when requesting a record.

8.1 The Request:

8.1.1 The Requestor must:

8.1.1.1 Download and complete the formal request form "Annexure C";

8.1.1.2 Include the supporting documentation required and attach the supporting documents to the request;

8.1.1.3 Pay the prescribed fee. Please take note that a request will not be processed until the request fee and the deposit (if applicable) have been paid.

8.1.2 Proof of identity:

8.1.2.1 Proof of identity must be provided by the requestor in order for the DIO to authenticate the request and the requestor.

8.1.2.2 If the request is made on behalf of another individual or organisation the following will be required:

8.1.2.2.1 the authorised person must indicate the capacity in which the authorised person is related to the individual or organisation;

8.1.2.2.2 the individual’s written and signed consent;

8.1.2.2.3 proof of identity of the authorised person and of the individual on whose behalf the authorised person is acting.

8.1.2.3 This is to ensure that TB HIV Care does not deny the requestor access on the basis that the information is confidential.

8.2 Format of the Record:

8.2.1 The requestor must include the format of the record in the request.

---

12 Section 53 of PAIA
8.3 The requestor must provide sufficient detail to allow the DIO to identify the records sought, failure to do so may result in the process being delayed until such additional information is provided.

8.4 Only requests with sufficient particulars as to the right the requestor is seeking to protect will be considered.13

HOW DO I:

When explaining which right you are hoping to exercise by making your request to a private body you cannot refer to your right of access to information. So, you have to explain how the record you are asking for is reasonably required for you to protect, or exercise, another right. This could include rights that are not just constitutional rights. You may for example require the master plans from a company that has the potential to impact the pollution levels in a community, in order to help protect your right to the environment through monitoring its activities. Or you may require records, which will help you determine if you have a right to file a civil claim against an entity. You therefore need to:

1. Specifically identify the right you hope to protect or exercise, and then
2. Explain clearly why the record you are asking for is reasonably required to help you with that right.

8.5 The decision and notice:

8.5.1 TB HIV Care will as soon as possible, but within 30 days, after the request and the necessary particulars have been received, decide whether to grant the request and notify the requestor of the decision.

8.6 The prescribed fee:

8.6.1 A prescribed fee must be paid to TB HIV Care when a request is made in order to cover the cost of providing access to records. Fees levied are published by the Minister and are set out under Annexure D. Levies published by the Minister are subject to change and at the time of publishing the below fees were correct.

9 Access to health or other records14

9.1 Requestors must stipulate in their request what health information is required, understanding that information held by a medical practitioner must be obtained directly from that health practitioner.

9.2 TB HIV Care cannot release information held by another party, or information that is protected by a medical practitioner / patient relationship.

---

13 Section 53(2)(d) of PAIA
14 Section 61 of PAIA
10 Granting or refusal of requests

10.1 TB HIV Care is entitled to refuse a request for information. Possible grounds for refusal include, but are not limited to:

10.1.1 **Privacy of a third party**: The DIO will refuse the requestor access to personal information of another person (natural or deceased person or juristic person) if it amounts to unreasonable disclosure.\(^{15}\).

10.1.2 **Commercial information of TB HIV Care or a third party**\(^ {16}\): The DIO will refuse the requestor access to any commercial information of TB HIV Care or third party. This would include trade secrets, financial, commercial, scientific or technical information or information, that if shared might threaten TB HIV Care’s or a third party’s commercial interest.

10.1.3 **Confidential information**: The DIO will refuse the requestor access to a record if its release would amount to a breach of a duty of confidence owed to a third party in terms of an agreement (or contract)\(^ {18}\).

10.1.4 **Safety of individuals and property**: The DIO will refuse the requestor access to a record if its release could reasonably be expected to compromise the life or safety of an individual or where such access to a record would likely prejudice or impair the security of a building, structure or system or certain methods, systems, plans or procedures.\(^ {19}\).

10.1.5 **Legal privilege**: The DIO will refuse the requestor access to a record if the record is privileged from production in legal proceedings.\(^ {20}\).

10.1.6 **Research Information**: The DIO will refuse the requestor access to a record if the record likely exposes TB HIV Care, a third party, the subject matter of the research or the person carrying out the research on TB HIV Care’s or the third parties behalf, to serious disadvantage.\(^ {21}\).

10.1.7 The DIO will refuse the requestor access to information where the request is frivolous or vexatious, or that involve an unreasonable diversion of resources.

10.1.8 Any other reason that is allowed in any applicable law.

10.1.9 TB HIV Care will accordingly inform the requestor in the event that a record does not exist or cannot be located.\(^ {22}\)
